It is a fact however that [the great sinister movement](#) is within our Society.

[Srla Prabhupada Letter to: Hamsaduta 2 September, 1970]

Srla Prabhupada is very precise with his usage of words and he says the word "movement" which is not just one or two individuals. In fact not just a movement but **THE GREAT SINISTER MOVEMENT**. What is the great sinister movement in this world? It is the Illuminati [See the links below and at the end for more info] and some of it's pawns entered into ISKCON in 1969-70 and eventually took complete control.

After poisoning Prabhupada, these Illuminati tools immediately began to poison his spiritual message by systematically changing his pure writings. Recently with the help of one of their main agents [the world media] they have made propaganda that Prabhupada is the ring leader of a child abuse cult. They themselves are the cult of child abusers see: http://www.propagandamatrix.com/multimedia/CIA_satanism.html and they turned ISKCON into a similar child abuse cult then blamed it on Prabhupada!

Thus we can see a clear pattern to destroy the movement and protect their agenda of world domination by a three fold attack on Prabhupada, namely an attack on his form, on his message [original transcendental writings] and lastly on his good name. The recent propaganda to smear the name of Prabhupada has been deliberately preformed to counter the massive amounts of Prabhupada's original books [55 million upwards] that have already been distributed. By blaspheming the pure devotee they hope to create a mass apathy towards these original writings and thus the atmosphere all over the world becomes completely unfavourable to spiritual realization.

The Illuminati whose basic goal is to create a new world order without God, became aware of Prabhupada and his philosophy at least as early as December 26th, 1968 when Prabhupada was interviewed by an LA Times Reporter About the Moon Trip. [The Illuminati control all mainstream media so as to feed the people only the info they want them to hear] Thus they would have become very disturbed to hear Prabhupada exposing their planned attempts to con the public out of billions of tax dollars via their fake moon landing scam. They would also have become aware that Prabhupada's basic principles of no meat eating, no intoxication, no illicit sex and no gambling if followed by the masses would completely finish their demoniac civilisation. Prabhupada talks about this point in 1976:

"If they, the movement goes and becomes very strong, then our business will be lost. Kill him."

Prabhupada: So this movement should be pushed very vigorously. And so far, we have become successful. **And enemies will be always, as soon as there is something good. That is the way of material world.** Even Krsna had enemies, what to speak of us. Eh? So many enemies, but He was powerful; He killed all them. Nobody could kill Him, but there was attempt to kill Him from the very beginning of

His birth. He had so many enemies. As soon as Kamsa heard that his sister is now newly married, but as soon as there was some foretelling, "Ah, you are taking care of your sister so nicely. The eighth child of this sister will kill you." "Oh, where is your child? Where is pregnancy?" Nothing. He became angry. "So why wait for eighth child? Kill my sister." Long, long before taking birth of Krsna, the mother was to be killed. This is the position of this material world. So he became so bad that "My sister..." He did not consider that "She is my sister, and she is just newly married. Where is pregnancy? Where is child? And that is the eighth child, and what will happen after that?" No consideration. Immediately, "Kill him, kill her." This is the position. **So we are instructing: no intoxication. So those who are flourishing by selling cigarettes and wine and liquor, they do not... "Immediately kill him." Oh, yes, in this way. "If they, the movement goes and becomes very strong, then our business will be lost. Kill him." So naturally they will be enemies.** The same thing, the Kamsa saw that "This my sister, now she is married. So although it will take some long time, but here is the cause." **So they are thinking like that. No meat-eating, then all slaughterhouses will be closed: "They're enemy." Although there is no such symptom that slaughterhouse is going to be closed, but they'll think like that. They'll think like that, the same way.** There is no ex... (break) ...pregnancy, first, second, third, then eighth, and the child will go, take birth and... They are thinking like that. **So the modern civilization, we are everyone saying. Because you have forbidden: no illicit sex, no intoxication, no meat-eating, no gambling. The whole Western world living on these four pillars. Just see our position. And the same conscious way, everyone is thinking, "If this movement goes on, then how all these nightclubs will go on? How all breweries will go on? How all slaughterhouse will go on, cigarette factories will go on?" This is all foolish. So you cannot expect that we will get more, many friends. That is not possible, because the world is full of Kamsas, demons. So we have to struggle and... In the face of so many obstacles we have come to this standard that there is **one Hare Krsna movement; it is very dangerous to the modern way of life.** That much is great, advance. **They're feeling the pulse.** Now when they are meeting, state obstacles. Everywhere we are meeting obstacles. In Singapore.**

Pusta Krsna: We went to the airport.

Prabhupada: Yes.

Pusta Krsna: And practically they didn't even want to let us stay in the airport. We had to stay there only for four hours to catch the next flight. They are so much...

Prabhupada: This is our position. Gradually they will show Hare Krsna movement. In India also, although India's... **They will want to crush down this movement.** So this will be up to Him. Krsna or Krsna's movement, the same thing. And Krsna was attempted to be killed by Kamsa class of men and his company, the demons. **So it will be there; it is already there. Don't be disappointed, because that is the meaning that it is successful.** Krsna's favor is there, because Krsna and Krsna's movement is not different, nondiff..., identical. So as Krsna was attempted to be killed, many, many years before He appeared... At eighth child, if the mother produces child yearly, still ten years, eight years before His birth, the mother was to be attempted to be killed. **So there may be attempt like that. And Lord Jesus Christ was killed. So they may kill me also.**

[Srla Prabhupada Room Conversation, May 3, 1976, Honolulu]

Kamsa didn't wait for Krishna to appear to try to kill Him but he tried to kill His mother thinking he could check Krishna even appearing in this world. In the same way the demoniac Illuminati knew that if Prabhupada's movement expanded, their plans for world domination would be finished. So they didn't wait to attempt to kill Prabhupada. We have to be assured on the strength of the above quote that like Kamsa they wanted to cut Prabhupada down before he even got fully started. "Nip it in the bud"

So what we can learn from this is that even though the Illuminati will have made several attempts to kill Prabhupada they were totally unsuccessful due to his being fully protected by Krishna [God]. Prabhupada only left this world under the direct guidance of the Lord when his work was done not when the demons tried to kill him.

It cannot be checked. There may be so many hindrances. But one who is pure devotee, his business cannot be stopped.

[Srla Prabhupada from a Srimad Bhagavatam lecture 1.2.6. Calcutta. Feb 26th, 1974]

Similarly, anyone who is ordered by the Lord to perform some action in this material world, especially preaching His glories, **cannot be counteracted by anyone**; the will of the Lord is executed under all circumstances.

[Srla Prabhupada from Srimad Bhagavatam 3.16.36]

If we look at the final days of Prabhupada's physical manifestation on this planet we can note that even though he was regularly fed arsenic for at least over a year and exclusively for the final months when he was locked up with the Illuminati's agents he didn't die as a mere mortal, in pain and agony. Here is a report about the death of the boyfriend of Blanche Taylor Moore who had been murdered by her with acute arsenic poisoning.

"...the arsenic boiled off the inner lining of his stomach and bowels. He sat up straight in bed, and a jet of vomit shot out of his mouth and splattered against the far wall. His bowels exploded in a volley of thin rice-water stools. He fell back flat on the bed, fully awake, eyes wide open, convulsing and totally unable to control himself.

But even as the toxin destroyed his muscles and nervous system, it already was sprinting even deeper into the physical and chemical structure that was his life. Moments after the vomiting began, his abdomen bulged and then drooped, horribly distending as the external tissues of the walled organs and the blood vessels turned to mush and all of his fluids began to leach into the open areas of his body cavity.

He was conscious and in his own mind for at least the first hour of his death process. He cried out, moaned, and screamed in agony. There were waves and explosions of pain as the basic synaptic chemistry of his nervous system began to pull apart. His body was flung about the bed and against the wall both by the pain and by the chaotic electrical storms taking place in his nerves and

muscles. Then finally, as the oxygen-bearing cells in the blood began to collapse, he began to suffocate from within. His face turned a deep purple. His body went flacid as the muscle cells ceased to be able to convert sugar into energy. In the last hour of brain suffocation, the arsenic allowed him to escape into a universe of hallucinations. The ferocious grimace on his dead face told his sister Dot that his body had experienced wild pain to the very last instant.

'It must have been a heart attack,' Dot whispered.

But James' death had nothing to do with a heart attack. Rather, he'd been eaten alive, minutely and gradually, cell by cell, by arsenic. The secret of arsenic is that it loves life, races to life, embraces it, combines with it quickly and consumes it hungrily, converting it chemically, molecule by molecule, from life into death.

Are we to assume that when Prabhupada was locked alone in the room with these Illuminati demons they didn't give Prabhupada lethal doses of arsenic, like Blanche Taylor Moore gave her boyfriend? It is highly likely they did. Did Srila Prabhupada die in agony like the above poor soul? No. Prabhupada left his body fully conscious of Krishna under the Lords protection.

HOW TO AVOID THE SINISTER INFLUENCE OF THE ILLUMINATI

TRANSLATION: Just as the atheist cannot remain in the presence of the Personality of Godhead, so also the invulnerable sins of a man are immediately vanquished in your presence, O saint! O great mystic!

PURPORT: There are two classes of human beings, namely the atheist and the devotee of the Lord. The devotee of the Lord, because of manifesting godly qualities, is called a demigod, whereas the atheist is called a demon. The demon cannot stand the presence of Visnu, the Personality of Godhead. The demons are always busy in trying to vanquish the Personality of Godhead, but factually as soon as the Personality of Godhead appears, by either His transcendental name, form, attributes, pastimes, paraphernalia or variegatedness, the demon is at once vanquished. It is said that a ghost cannot remain as soon as the holy name of the Lord is chanted. The great saints and devotees of the Lord are in the list of His paraphernalia, and thus as soon as a saintly devotee is present, the ghostly sins are at once vanquished. That is the verdict of all Vedic literatures. **One is recommended, therefore, to associate only with saintly devotees so that worldly demons and ghosts cannot exert their sinister influence.**

[Srila Prabhupada from Srimad Bhagavatam 1.19.34]

So we should associate by the vibration,

and not by the physical presence.

So we should associate by the vibration, and not by the physical presence. That is real association. Sabdad anavrtti. By sound. Just like we are touching Krsna immediately by sound. Sound vibration. **So we should give more stress on the sound vibration, either of Krsna or of the spiritual master. Then we'll feel happy and no separation.**(S.P. Lecture, 18/8/68,Montreal.)

So although a physical body is not present, **the vibration should be accepted as the presence of the spiritual master, vibration. What we have heard from the spiritual master, that is living.**

(S.P. Lecture, 13/1/69,Los Angeles.)

My Guru Maharaja used to say, **"Don't try to see a saintly person by your eyes. You see a saintly person by the ear."** Because if you hear from the saintly person and if he is speaking from the experience which he has heard from the, another saintly person--this is called guru-parampara--then the knowledge is perfect.

(S.B. Lecture 6.1.42,Los Angeles 8th June 1976.)

P.S. IRM = Reform the Illuminati..... are you having a laugh!
